

XTRACUT™ XX

Self-sharpening ceramic disc with
exceptional removal rates

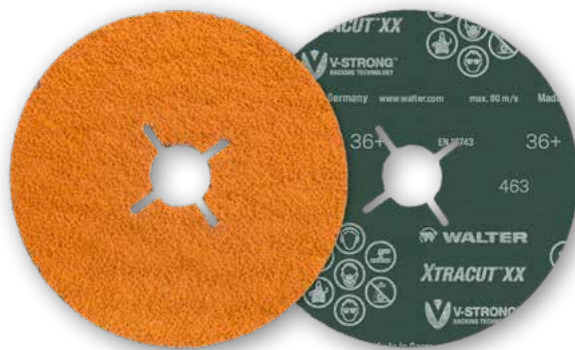

WALTER

Achieve Greatness™

XTRACUT™ XX

XTRACUT™ XX is engineered to deliver unmatched stock removal and an extended service life, making it the ideal choice for working with steel, stainless steel, and hard alloys. Featuring optimized triangular shaped and self-sharpening grains, this disc ensures consistent, high-efficiency material removal throughout its use.

FEATURES

- ▶ High removal rate and life sanding disc for all alloys
- ▶ Optimized triangular shaped and self-sharpening ceramic grains provide extremely high stock removal
- ▶ Top side cooling agent reduces temperature in the sanding area, enhancing product durability and quality of the job
- ▶ Guaranteed cost savings and best used on steel, stainless, and hard alloys
- ▶ Very long service life and toughness due to its V-STRONG™ Technology offering more vulcanized fiber layers
